WITH **CHRISTIAN ADAMS**  
WEDNESDAY, SEPTEMBER 17, 2025 • 4PM - 7PM

Germany has a long history of winemaking and the wide range of grape varieties cultivated there is quite impressive, with over 140 varieties—ranging from Acolon to Zweigeltrebe. Of these, the most notable are Germany's world-class expressions of Riesling and Pinot Noir (Spätburgunder). Today, German vintners are introducing innovative ideas to modernize their centuries-old traditions: celebrating iconic varieties like Riesling and the Pinots and also experimenting with new grapes, styles, and techniques. Expand your perceptions (and your palates) with a flight of five fascinating wines curated by the German Wine Collection and presented by Christian Adams, Sales Manager of The German Wine Collection. Zum Wohl!

*The German Wine Collection, a continuation of the group of producers that were first brought together under Rudi Wiest Selections. It was established with great pride, excitement, and a responsibility to keep the most premium German wine estates together under one portfolio. The German Wine Collection's sole mission is to import top quality German wines with the idea that promoting the people and place behind the wine matters.*
